

# Wedding Photography

by Picture Proud Ltd

*Simple*  
*You buy the time of one*  
*of our photographers, and ...*

*Fair*  
*... in return you get the*  
*negative to every picture, so ...*

*Different*  
*... you can print them*  
*inexpensively, whenever*  
*and wherever you like.*

## About our Wedding Packages and Services

Picture Proud offers a range of innovative wedding packages that give you full copyright to all of your wedding images at highly competitive rates.

Simply decide on the amount of time you would like us to spend with you. Then pay a single price to get all of the hi-resolution digital negatives to every picture we take at your wedding. We provide all your images in colour and black-and-white. You can then print these pictures as often as you like, wherever you like - it doesn't have to be with us. Because you have this choice you can be sure our print prices are a tiny fraction of those charged by more traditional wedding photographers.

All of our wedding packages include a free studio sitting for the bride-and-groom at eight to twelve weeks before the big day. You may choose to use one of the resulting images to create unique invitation cards for your wedding guests. We offer a similar service for the provision of "Thank You" cards following the wedding - allowing you to give something back to each of your guests. All of the images taken in the studio shoot are included on your wedding DVD.

All of our wedding packages include the following:

- Pre-wedding studio sitting;
- Full copyright to every hi-resolution digital negative (typically several hundred);
- Every image provided in colour and black-and-white;
- Between thirty and fifty 12" x 8" prints OR pages in a pre-printed album;
- Each printed images comes with the option of a selection of digital enhancements;
- Travel within 20 miles radius of Barnsley town centre.

## Mobile Studio Option

For a truly stunning and contemporary finish to your wedding pictures why not make use of our mobile studio. We set up in the reception venue and capture studio quality shots of the wedding party and the guests.
